Notes from talk with Jim Gordon this date.

He talked about the Anti-Christ who would be coming from the Far East. He will have influence over one of the popes in the future. Will control the church. Another 10 years this will come about. His number is 666. He will have knowledge of the physical and have complete control over the physical. Through control of the physical he will control the emotion and mental. We will try to counteract and we will succeed. He will be aware of it. There will be a group in Colorado very spiritually oriented, a medical group who will come out against the Anti-Christ. (Jim Gordon would like to meet David Pearson, who may be the man he has been hearing about for sometime and who will be working with this group)

Talked somewhat about "The Prophetic Dream" The island talked about may be Mallorca. The Frenchman talked about will be born outside of Paris and will move to the country side about 200 mile east of Paris (could be Alsace Lorraine area). He will be born around the turn of the century when a big part of the holocaust will have been taken place. His family will move into rural France to be more safe. Jim will turn everything over to that person - transfer spiritual consciousness to this person, just as Hamid Bey turned over to Jim Gordon to keep spiritual heritage going. Relinking energy once again.

There will be three books that will be important in the New Age - The Miracle Books and two others. Jim Gordon will write one set. Our energy and support will help him to accomplish this.

Regarding one institution for the foundation - there will be a separate entity which will be interlinked with the foundation.

Someone will appear on the scene who will be a superior economist - will be appearing soon. During the period of economic upheaval the broadcasting area will become weaker but will again pick up. The foundation will be one of few institutions to survive the coming economic upheaval.

Talked about dream and the men on white horses represent Lord Maitreya and Christ. Lord Maitreya is working in the political area to bring an end to the world famine. Benjamin Creme work is important and correct, some of his interpretation is inaccurate. The Christ and Maitreya are separate entities, working together.

Some dreams with large room with little furniture signifies your expanded consciousness and you are working on a sub conscious and super conscious level without realizing it. The foundation will be healing with the famine situation.

Sr. Liz was with us in the Bethlehem experience. She was in the community of Essenes. John was her uncle by marriage.

Lynne start visualizing a house that you might have lived in in Israel. Roman construction with three sides and a garden. Visualize a teacher to come to you there and greet the individual. Share the days events and ask their opinion. Make note of Everyday when you leave ask them to return once again.
